

# Button Up Connecticut

**Is your organization looking for a community service project to warm someone's heart?**

**Button Up Connecticut** has collected more than 100,000 new and gently used winter coats and jackets from local businesses, schools, and individuals. These coats have warmed men, women, and children in need throughout the Capital region.

You can help, too, by holding a **Button Up Connecticut** Coat Drive. Just complete the form below and return it as soon as possible and we will help you get started on a winter coat drive that will make a difference for so many. You can also choose to drop off coats at select locations in the community until November 27 (location list on opposite side). Coats will be distributed to those most in need on December.
